

# INTRODUCING... *Your Motor Here*

*Your Motor Here*\* A Tolomatic service that provides a custom motor mount for a Tolomatic actuator and the electric motor of choice. In the typical Tolomatic practice of great customer service, the custom in-line motor mount is built and shipped in five days... at no extra charge.

\* Note: not all actuators and motors are part of the YMH program, but new motors and actuators are being added on a continuous basis. Check with Tolomatic often! [www.tolomatic.com/ymh](http://www.tolomatic.com/ymh) or [www.yourmotorhere.com](http://www.yourmotorhere.com)

## Why Your Motor Here?

- Provide a service that gives you a competitive edge.
- Streamline our customer motor mounting process—and make it easy to do business.
- Take time and costs out of the purchasing decision.
- Help you take care of customer needs.
- No extended lead time. (5-Day delivery)
- No charge
- No kidding!

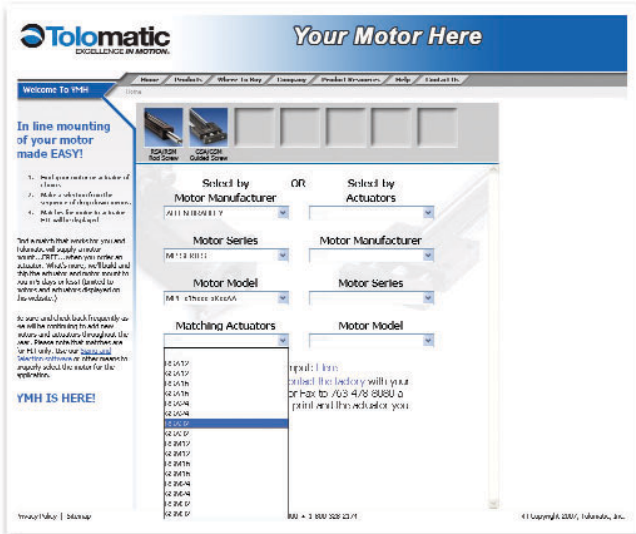

## What does YMH mean for you?

- No \$250.00 adder.
- 5-day standard shipping.
- No expedite charges.
- Less paperwork and time.
- Increased actuator sales.
- Happy, loyal repeat customers!

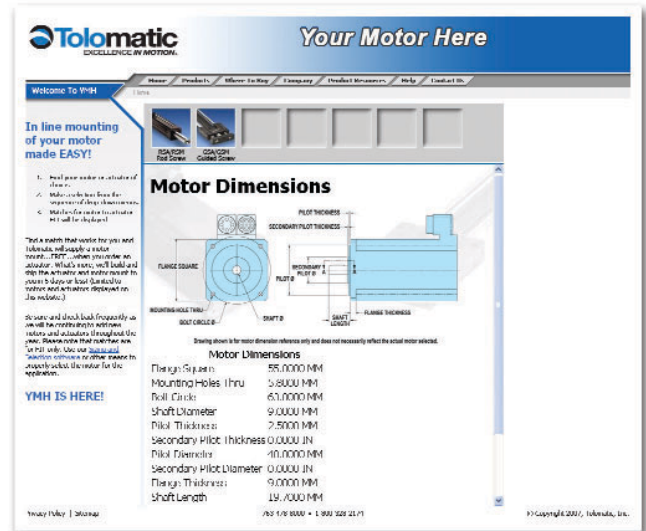

**Your Choice...** "Tolomatic Motor...Tolomatic Actuator" or "Your Motor...Our Actuator"

# It's as easy as 1, 2, 3!

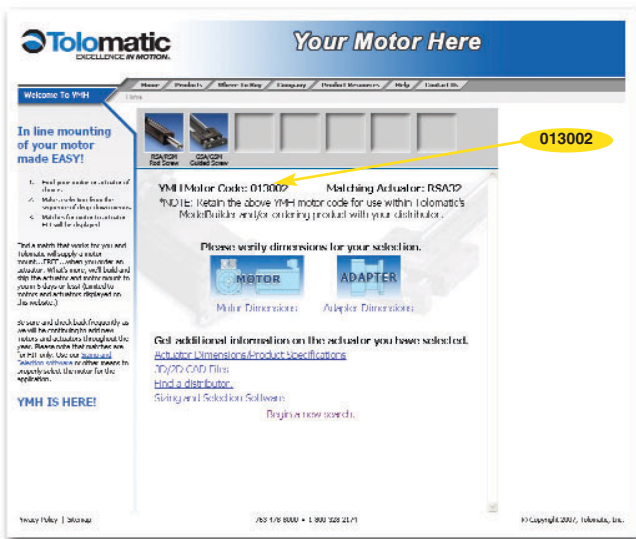

**1** Go to [www.tolomatic.com/ymh](http://www.tolomatic.com/ymh) or [www.yourmotorhere.com](http://www.yourmotorhere.com) and find your motor, selecting by Motor Manufacturer or by Tolomatic Actuator.

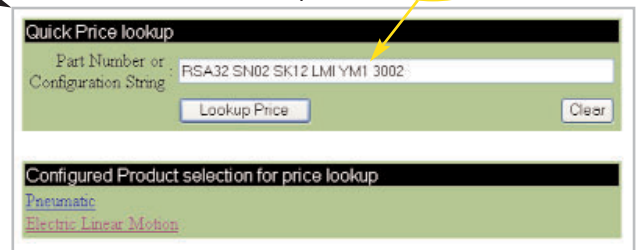

**3** Once your selections have been made, verify your motor and adapter dimensions. Additional information is also available for products. *Note: Be sure your motor has been properly sized for your application before placing any order.*

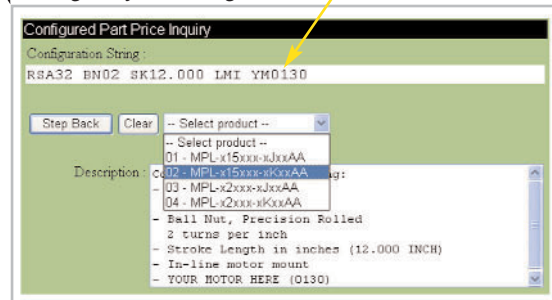

**2** A match brings you to the results page. Retain your YMH motor code for use within Tolomatic's ModelBuilder and/or ordering product with your distributor.

Use the Quick Price Lookup.
